ASTRO™

ABRASIVE BLASTING HELMET

The **ASTRO** is your number one choice of economy Abrasive Blasting Helmet which meets safety standards worldwide including Australia, Europe and USA.

Our design team at **RPB Respiratory** has called upon years of experience in the Abrasive Blasting Industry to assist in the design of the lightweight robust helmet you have been waiting for.

RPB Respiratory is a market leader and we understand its a competitive world so we have incorporated features in the **ASTRO** to help reduce fatigue, reduce downtime replacing parts and increase your productivity.

NIOSH
Type C&CE Supplied Air Respirator

CE₀₁₉₄
EN271 Respiratory Protective Devices

AS/NZS1716:2003
Respiratory Protective Devices

ASTRO™

**YOUR LIGHTWEIGHT, ROBUST,
QUALITY ABRASIVE BLASTING
HELMET!**

1

Hand Strap- for carrying or hanging your helmet up.

2

Enjoy a **Lightweight Robust Helmet.** Less weight means less fatigue. The helmet only weighs 2 3/4 lbs.

3

Removable Head Suspension- for ease of cleaning the inside of the helmet.

4

Sturdy Visor Frame with integral moulded hinge.

5

Large Flat Lens- provides excellent vision without distortion. Lower cost replacement lenses. Optional Tear off lens available.

6

Durable nylon **Cape** protects the wearers neck and upper body; soft inner collar provides a comfortable seal around the neck.

7

Replaceable **Cape Cover Band** seals the top of the cape and stops abrasive entering.

8

Each Part can be **easily** replaced using conventional tools.

9

Unique high strength **Visor Strap** keeps tension on the visor and is easy to use even with blasting gloves.

10

Flexible Breathing Tube- Silences the incoming air supply and provides a quiet working environment.

11

Abrasive Resistant Polyethylene Helmet Shell.

12

Low Flow Indicator - This device allows the wearer to check that the airflow is sufficient to provide the necessary respiratory protection. (CE, AS/NZS Approved Models Only)

Low Pressure Constant Flow Valve
For use with Low pressure Air Pumps.

Flow Control Valve provides the ability to adjust the incoming airflow to suit the wearers requirements.

YOU'VE GOT TO CHECK OUT MORE OF OUR PRODUCTS...
